VERANDA 7900 Series Patio Door

SLIDING TO PERFECTION WITHOUT COMPROMISE

Industry leading technology that meets the highest Canadian performance standards as well as the latest energy efficiency requirements. With our sash over rail operating system these doors are designed to slide smoothly and quietly year after year. Available in 2, 3, and 4 track designs for standard patio door and multi-slide venting operations. Proudly manufactured locally in our West Kelowna facility.

UNMATCHED QUALITY BUILT TO LAST

- Raised aluminum track system for easy cleaning and to protect against damages caused by dirt and debris
- Quality roller systems to ensure smooth operation
- 4.5” full PVC multichambered frame
- Multichambered sash design complete with full frame thermally broken aluminum reinforcing
- Available in both dual and triple pane with multiple LoE options

Optional Exterior and Interior Colours

Select from our standard colours available. Ask to see the colour samples. Custom colour coat options available.
